Letter to PGC Members, March 16, 2020

Due to the mandated restaurant and bar closures we are letting everyone know that starting tomorrow the clubhouse will be closed. We will keep everyone apprised as to when we will reopen but as we are adhering to the state mandated rules that date is still to be determined.

Our administrator, Laurie, will be working very limited hours through the closure but if you need to reach out to her please contact her via email - pgc-lauriemcdonald@gmail.com. She will be checking her email regularly, especially on her regular sched-

uled days off Tuesday and Thursday and is very willing to do what she can to address your needs as they arise. And finally,

Our regularly scheduled board meeting for tomorrow (March 17) night has been cancelled as well. At this point we are not sure if it will be rescheduled or just postponed until the next scheduled meeting. Please check back regularly, we will keep you all updated etc.

We thank you all for your cooperation and understanding. And please all members stay safe and healthy!!!

Peninsula Golf Club, Board of Directors

From Board of Directors Letter; March 18, 2020.

We would like to take a moment to clarify our situation with regard to the closure of our Clubhouse restaurant/bar as a result of the State mandate due to COVID-19.

Several inquires and suggestions have been made to open the Clubhouse service window for "take out" of food and beverage during this closure. After consulting with the State Liquor Control Board we have been informed while under mandated closure we are not allowed to sell food and beverages for consumption on any of our property, including decks and the golf course as our license extends to our entire property. Therefore, should we be serving from our service window during this closure we would be in violation of the mandate and subject to fines and/or possible loss of our Food/Beverage/Liquor license.

For clarification, under normal circumstances, because our Restaurant/Bar license is inclusive of our entire property including the golf course this allows us to sell alco-

hol to golfers to take out on the course for consumption.

Additionally, as a precaution to eliminate groups from gathering on our decks during this closure the tables and chairs have been removed from both decks. As a reminder, at no time is anyone allowed to bring or consume their own alcohol on our property.

Our employees that have been affected by this closure are able to apply for unemployment benefits.

There are no golf course restrictions, so you can play golf and enjoy the course, but be cautious of "social distancing" and anything you touch.

We apologize for any inconvenience and appreciate your understanding as we navigate through this and attempt to make every possible effort to keep our PGC family and employees safe during this crisis.

Everyone stay safe and healthy.

Thank you for your patience,
PGC Board of Directors
