## From the President

*Deborah Jacobs*

As you may have noticed, Tory and the Greens crew finally have a new gator and fairway mower for their greens maintenance, and the pro shop painting project is now complete, giving it a fresh new look and color. Thank you so much to Ryan Seiler and Jared Pomeroy for doing such a professional job making our pro shop look so great!

We are very excited to start on our next "big" project, the cart path repairs, details are included in a special section here in the Newsletter.

Once we have a starting date set, we will be sure to notify everyone in advance, as there will be some areas of the course we will need to close off for everyone's safety. We will do our best to coordinate in order to minimize as much disruption as possible.

And, the Retro Clock installation should be wrapped up in mid May, hopefully in time for the Spring Shotgun.

Thank you to all our members for your continued support and faith in us, without you and the careful budgeting and planning of our Board of Directors these improvements would not be possible.

Deborah

**Horse Races** will start again with the first one taking place May 7<sup>th</sup>, starting at 5:30 pm.. Second race scheduled for May 21, 5:30 pm. These will pay half cash & half book money for winners (Win, Place & Show). 2-person alternate shot 60 % of the A-player 40% of the B-player.

PRO SHOP looking for **range tokens**, Please drop off any extras you have so we can replenish the supply!

Thank you!

**President Cup Qualifying**

The time for the president cup qualifying has been extended until May 15<sup>th</sup>. Just declare your qualifying rounds in the shop before you tee off.

**Cart Path Work**

The Board of Directors has approved the bid and signed a contract with Lakeside Industries for repairing/repaving the worst areas of the cart paths. The basics of the contract are as follows:

From # 3 Tee down the hill to the bottom, most of the path between 5 and 6, "Heart Attack Hill" from #15 green to #8 Tee, most of the path between # 8 and #13 fairways and the area on #9 Fairway at the big fir tree.

Some of the work will require complete removal and replacement, while other parts will be minor repair and overlay. I am told the project will take approximately 3 days, with 2 days of prep and 1 long day of paving. Time frame is not set yet but we are moving forward. This will be a great improvement over current conditions. More to follow as the time nears.

**Speedy Recuperating,  
Laurie,**

The PGC members and staff wish you a speedy recovery from your injury/surgery.

Stay careful and cautious!!
